

Energy Assistance

Are you having a hard time paying your utility and/or energy bills this year? The HopeSource Energy Assistance Program can potentially give you the help you need. The program can help pay for a variety of different heating costs such as electric, gas, oil, propane, wood, and wood pellets.

Priority for the program is given to people that are elderly, disabled, or have children under the age of 6. If you meet one or more of these criteria, you will have the opportunity to be placed on a waiting list before the program is opened to everyone else. To apply early, please go to one of the locations listed below and bring the following verification:

- Drivers License (Elderly: 60 or over)
- Disability Award (Disabled)
- Birth certificate (for children under the age of 6)
